Dear Ms. Stevens:

Lake Michigan deserves the highest level of protection from new or increased pollution. Indiana's protective rule must be STRONG to protect water quality as the Clean Water Act intended. I am writing to you to express my views on this matter, and to strongly urge you to make every effort to protect the beauty that is Lake Michigan – it's what's best about Chicago, in my opinion.

Thank you for your time and attention in this matter.

Very truly yours,

Claire S. Chambers (former IN resident, and always a lover of the environment)
